Belle-Beille

LEVEL

2nd year Master's degree

OPEN TO EXCHANGE STUDENTS

Yes

SEMESTER

Fall (S1)

> **Degree course:** Light, Molecules, Matter

> **Teaching unit:** UE1

> **Course language:** English

> **Duration (hours):** 10

> **ECTS:** 1

> **Teacher(s):** Sabrina SEBTI

> **Assessment:**

Continuous assessment

Final exam

> **Teaching methods:**

Lecture course hours

Tutorial course hours

Practical work 10 hours

Case study

Project

COURSE DESCRIPTION

After a diagnosis is carried out to establish the level of oral English, students will receive work leads. The evaluation will be carried out during the defense of the student experimental project in English. Students will have the opportunity during the year to prepare and sit for the English certification implemented at the University.

OBJECTIVES

The first objective is the consolidation and deepening by the practice of four linguistic skills (written and oral comprehension and written and oral expression) in order to reach (or consolidate) a level of certification (type B2 level) defined by the European Framework of Languages.
