Virtual events

15.10 > 19.11. 2025

■ Wednesday 15.10

17h-19h: **Social and ethical foundations of sustainable business practices:**

This lecture will focus on the historical development of corporate social responsibility, sustainability and philanthropy in the nineteenth and twentieth centuries.

Dr. John-Paul McGauran, ATU University

■ Wednesday 22.10

17h-19h: **EU legal foundations of sustainable business practices:**

This lecture examines the role of the OECD, the EU corporate sustainable reporting directive and the EU corporate sustainable due diligence directive.

Dr. Leonard Taylor, ATU University

■ Wednesday 05.11

17h-19h: **Compliance and transparency obligations under ESG Regulations:**

Discuss compliance obligations in environmental, social, and governance (ESG) regulations. This includes reporting requirements including the EU's CSRD and their legal impacts on companies.

Prof. Marco Inglese, University of Parma

■ Wednesday 12.11

17h-19h: **International trade law and sustainable sourcing and legal challenges of the circular economy:**

Delve into international legal frameworks for sustainable sourcing and trade, covering international trade agreements and regulations against deforestation and unethical practices. Examine the legal implications of transitioning to a circular economy, focusing on resource ownership, liability, and sustainability issues.

Dr. Matthieu Zolomian, University of Angers

■ Wednesday 19.11

17h-19h: **Tax justice and environmental incentives:**

Analyse green taxation and environmental tax incentives to promote eco-friendly practices, focusing on the implementation of green taxes in Europe and their impact on businesses.

Dr. Eleonor Kristoffersson, University of Gävle
