> Assessment:

- Continuous assessment
- Final exam

> Teaching methods:

- Lecture course 12 hours
- Tutorial course 12 hours
- Practical work hours

- Case study
- Project

COURSE DESCRIPTION

This course will cover the main approaches to language acquisition and learning, illustrated through a variety of situations of language appropriation. The course will present a panorama of the evolution of the notion of communication in the field of human and social sciences by questioning the main notions: competence, context, exchange, and relationship). Students will examine a number of theoretical and didactic implications of verbal interactions from a critical perspective, followed by an analysis of language appropriation based on learning experiences.
