

Building technical monitoring

SCHOOL

Polytech Graduate School of
Engineering

CAMPUS

Belle-Beille

LEVEL

Engineering 3rd year

OPEN TO EXCHANGE STUDENTS

Yes

SEMESTER

Spring (S2)

> **Degree course:** Building and Safety

> **Teaching unit:** Fundamentals in engineering

> **Course language:** English

> **Duration (hours):** 12

> **ECTS:** 1

> **Teacher(s):** Thierry LEMENAND

> **Assessment:**

Continuous assessment

Final exam

> **Teaching methods:**

Lecture course hours

Tutorial course hours

Practical work hours

Case study

Project

COURSE DESCRIPTION

Define systems of equipment and networks adapted to the typology of buildings, taking into account regulatory and environmental data.

OBJECTIVES

Work by group of students who will have to study a technical system or equipment and write a report containing the technical description, the state of the art, the current suppliers, the technological evolutions, the novelties expected

PREREQUISITES

None
